# Kystklitter – dynamiske systemer

- Naturlig forstyrrelse (vind, sand i bevægelse, trampning, græsning)
- Menneskelig forstyrrelse
  - Historisk (byggematerialer, græsning)
  - Nuværende (turisme, rekreation)
- Klitstabiliserende initiativer (fx plantager, ophør af græsning)

Rewilding  
Europe

## European bison in a Dutch dune system

The pilot project is about bringing back European bison to a Western European area where it lives under natural circumstances e.g. no additional food is given, together with a herd of Konik horses.

**Start year:** 2007

**Location:** Kraansvlak

**Area Type:** Other (please, specify)
